## UV Equipment

### UVAHAND 250

Our UVAHAND 250 is a high-intensity handheld UV lamp that is easy to transport, ergonomically designed, and ideal for mobile use. Its high power output and intensive radiation ensure reliable production results within seconds. A homogeneous intensity distribution is guaranteed by its optimized reflector surface.

#### Features:

- GS mark, approved safety label
- Uniform intensity distribution
- Different emission spectra by means of lamp/filter combinations
- Robust lamp housing
- U-shaped space bars provide temperature management
- Black light filter for fluorescent purposes

For more information on our UVAHAND 250, call **508 . 229 . 7774**.
