T6020-X

Light source Room lighting source

- High display, no stroboscopic, long life
- LED light source with stable color temperature
- Suitable for many industry lighting places

T6020-X

Light source Room lighting source

LED light source with high display, no stroboscopic, long life and stable color temperature

Suitable for many industry lighting places

INTRODUCTION

T6020-X light source room lighting source is a special light box for light source room lighting. The light source box is equipped with high display finger, no strobe, long life, and stable color temperature LED light source. Users can install 3 to 16 light source boxes according to different areas of the light source, so that the room can get a more uniform light environment.

Special lighting

Uniform illumination

Color temperature stabilization

Color temperature 2300K-8000K

CHARACTERISTIC

- ◆ The box is made of 1.5mm thick cold-rolled steel plate. The light source box is painted with black sand paint. Sand paint surface to form diffuse reflection of light, no reflection.
- ◆ T6020-X type light source room lighting source standard is 2300K to 8000K color temperature high display LED light source; Other color temperatures must be customized.

EXTENSIVE APPLICATION

T6020-X light source room Lighting source is suitable for many industry lighting places, such as: laboratories, standardized workshops, automotive light source rooms, experimental bases, etc.

Car light source room

Standardized workshop

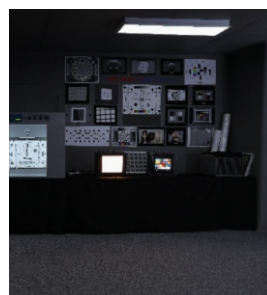

Image detection room

laboratory

Training base

PRODUCT SPECIFICATION

Light source box dimensions (standard, other sizes can be customized): 604mm long * 204mm wide * 83mm high

Light source box transparent surface size (standard, other sizes can be customized) : 574mm long * 174mm wide

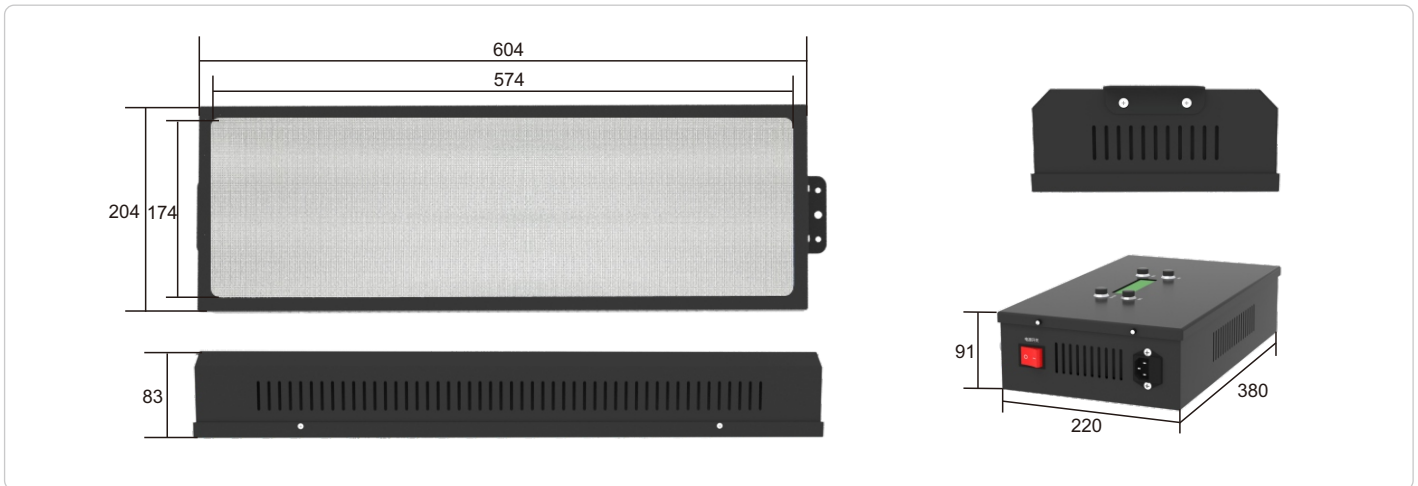

Light source control box dimensions (standard, other sizes can be customized) :

Three light control box: 380*220*91mm

Six-light control box: 380*240*91mm

Twelve lamp group control box: 480*250*91mm

Sixteen light group control box: 480*250*91mm

PRODUCT PARAMETER

Item	Argument
Light source box dimensions (standard, other sizes can be customized)	604mm*204mm *83mm (L*W*H)
Light source box transparent surface size (standard, other sizes can be customized)	574mm *174mm (L*W)
Light source control box dimensions (standard, other sizes can be customized)	380*220*91mm
Six light group control box dimensions	380*240*91mm
Twelve light group control box dimensions	480*250*91mm
Sixteen light group control box dimensions	480*250*91mm
Input voltage	AC 200-240V 50/60Hz 150W-1200W
Use environment	0-45°C, relative humidity below 85% (non-condensing)
Net weight	Light source box about 4Kg/ each
