

LLLT Series

Hair loss laser therapy comb

650nm

The red light penetrates the surface cells, reaches and stimulates the root of the hair follicle with rich melanin which absorb laser energy of this wavelength specifically. Increasing the blood supply to whole hair follicle area after absorb energy. Accelerating ATP synthesis and activate the regrowth for hair follicles. Be designed as a hat for head full coverage to achieve full range of irradiation.

The foldable comb is lightweight and easy to carry. The teeth can comb the hair and help the irradiation on scalp surface directly to stimulate the roots of hair follicles for having better results.

Feature

- Use 12 medical-grade laser diodes with 650nm.
- Warm and light be penetrated for scalp massage.
- Vibrate every 6 seconds for area change reminder for having enough energy on irradiated area.
- Foldable and lightweight design can be used anytime, anywhere.
- Powered by AAA Alkaline Battery

Specification

Wavelength	650 ±20nm
Product size	L245/W43/H38 ±5mm
Product Weight	90 ±10g
Battery Capacity	AAA Alkaline Battery 1.5V/3A
Laser Safety Classification	Class 2
Maximum Optical Power	0.473mW
Operating mode	continuous wave (CW)
Laser standard	IEC 60825-1:2014
Operating environment	Temperature 10~40 degrees; Humidity 30~75%
Transportation and storage environment	Temperature -20~40 degrees; Humidity 10~90%

【 Cautions 】

- Avoid light exposure to your eyes directly for protect your eyes.
- Transformer is prohibited for use which may cause dangerous event.
- Do not use fast charging for this product, as it may cause danger.
- Please keep clean on the area of laser output and scalp, prevent the dirties affect energy transmission when use.
- Please keep it away from the touch by children or pets in order to avoid eating or touch components accidentally.
- Do not use on pregnant women, who with skin disease, malignant tumor, wear pacemaker, initial wound within 72 hours, physical abnormalities and abnormal sensory nerves. Avoid to use it during the skin is sensitive, fragile and in rash or wounds condition. Please stop using it immediately and consult doctor if you feel any discomfort.
- Don' t use it with electronic medical equipment in order to avoid the malfunction or dangerous accidents.
- Please store it in dry, cool place and away from water. Please pay attention on moisture and falling during use.
