Rolling Baggage Style Lithium Battery LED Light Tower OR-GXL160

Product details

Four parts LED output, adopt imported high brightness LED light source, with aviation aluminum ally light head shell, and they have hidden type sealing ring. The suitcase adopts the sealing rubber ring, enabling it waterproof and compression resistant and shock proof.

Controlling the switch it will in a sequential cycle: Strong Light-Working Light-Low Light-OFF.

Charger: 12.6V 8A

Battery: Lithium battery capacity: C12.6V Voltage: 80Ah

Maximum height of light body: 1.68M

Suitcase Size: 670*510*372mm

Luminous Flux: H/M/L 16,000/7,200/3,400 Lm

Total power: 160W Single Lamp: 40W

Strong light working time ≥ 20h

Charging time: 10h

Weight: ≤ 20.5KG (including lithium battery)

Recruitment agent, interested in contact email: hzh1@lightmobile.com
